

Aviation Safety Professional Diploma (ASPRO)

Our project is one the fields of Vocational
Education and Training

On September 28, 2022, the European Commission in Brussels announced its support for the Professional Diploma in Aviation Safety project under the EU-funded ERASMUS+ program.

ABOUT US

The idea of this project is to offer Safety Management system SMS Professional Diploma in Aviation, which will be an all-in-one certificate and reduce to minimum time need to provide such experts in this field. It will also be a cost-effective training encouraging aviation companies to promote personnel upskilling without think of their budget during these troublesome times.

TARGET GROUPS

- Secondary Education Graduates
- College Students
- Aviation Professionals
- Aviation Engineers & Engineers in General
- Industry

PARTNERS

- P1 - University of the Aegean (UAEGEA)
- P2 – Jordan University of Science and Technology (JUST)
- P3 – Al-Balqa Applied University (BAU)
- P4 – Amman Arab University (AAU)
- P5 – Mideast Aviation Academy (MEAA)
- P6 – Eskisehir Technical University (ESTU)
- P7 – Kazimieras Simonavicius University (KSU)
- P8 – Creative Thinking Development (CRE.THI.DEV)

AMMAN ARAB UNIVERSITY PARTICIPATES IN THE LAUNCH OF ASPRO PROJECT SUPPORTED BY THE EUROPEAN UNION

In the presence and participation of the President of the Amman Arab University, all members of the universities concerned, and the project coordinator Professor Nikitas from the Greek Aegean University, the Aviation Safety Professional Diploma ASPRO project related to aviation safety was launched. The joint committee held the first face-to-face meeting at Aegean University on the Greek island of Chios.

DISCUSSION AT "AMMAN ARAB UNIVERSITY" ON THE EUROPEAN UNION-SUPPORTED ASPRO PROJECT IN AVIATION SAFETY

Amman – Amman Arab University organized a panel discussion on the Aspro project supported by the European Union as part of the Erasmus+ program in the field of air safety, as part of the activities of the Professional Aviation Safety Diploma project, which is joint between Amman Arab University, the University of Science and Technology, Al-Balqa Applied University, and the Middle East Aviation Academy. The seminar aimed to discuss the importance of this type of professional program, the possibility of providing job opportunities for graduates, and the proposed study plan that would contribute to measuring the success of the program upon accreditation and the start of accepting associates, whether those who have completed high school or graduates of a bachelor's program in engineering.
